## APPLICATION FOR PAYMENT FOR MORE THAN ONE FARM—1936 AGRICULTURAL CONSERVATION PROGRAM—NORTH CENTRAL REGION

Pursuant to Section 8 of the Soil Conservation and Domestic Allotment Act of February 29, 1936, 49 Stat. 1148, as amended by Public Resolution No. 131, approved June 24, 1936

### Section I.—Representations and Application for Payment

The undersigned, \_\_\_\_\_, hereby applies for payment under the 1936 Agricultural Conservation Program with respect to the 1936 farming operations on the farms covered by the work

sheets listed herein in Blocks 1 to \_\_\_\_\_, inclusive, and certifies that:

1. He is the person entitled to the indicated percentage of the payment with respect to each farm listed herein in Blocks 1

to \_\_\_\_\_, inclusive, and entitled to the indicated percentage of the principal soil-depleting crop with respect to each

farm listed in Blocks \_\_\_\_\_ to \_\_\_\_\_, inclusive, all of which farms constitute all the land owned or operated by him in the county.

2. The data set forth herein, including percentages, base acreages, 1935 and 1936 acreages, the yield or index for any crop, are true and correct.

3. Each soil-building practice listed herein has been carried out on the number of acres stated herein, in accordance with good farming practice, using such methods and such kinds and quantities of seeds, trees, and other materials as conform to good farming practice, and no labor, seed, or other materials used for such practice were furnished free or paid for by any State or Federal agency.

4. No rotation, cropping, or other practice was adopted on any of these farms in 1936 which tended to defeat the purposes of the 1936 Agricultural Conservation Program, and none of the changes in the use of the land on any of these farms involved the destruction of foods, fibers, or feed grains.

5. No change for 1936 has been made from the 1935 leasing or cropping arrangement for any of these farms for the purpose of or which would have the effect of depriving any tenants or share-croppers of any payment to which they would be entitled if the 1935 leasing or cropping arrangement were in effect.

6. No payment has been received or applied for based on the soil-improving practices listed herein.

7. In accordance with the provisions of the 1936 Agricultural Conservation Program the Secretary of Agriculture is authorized to pay the County Agricultural Conservation Association for the county in which this application is filed, from any amount that otherwise would be payable to me hereunder, my pro rata share of the estimated expenses of said association or such part thereof as may be prescribed by the Secretary.
